| Version 1.9 | Jan 2019 | Update lifting register & Plant risk assessment |
| Version 2.0 | Apr 2019 | Update lifting gear register |
| Version 2.1 | May 2019 | Adding wire rope, winch and hook certs |
| Version 2.2 | July 2019 | Updating lifting gear register, Insurance certs |
| Version 2.3 | Aug 2019 | Updating green sticker |
| Version 2.4 | Oct 2019 | Update lifting gear register |
| Version 2.5 | Jan 2020 | Updating lifting gear register & plant risk assessment |
| Version 2.6 | Apr 2020 | Updating lifting gear register |
| Version 2.7 | June 2020 | Updating lifting gear register |
| Version 2.8 | July 2020 | Updated lifting gear register and insurance certificates |
| Version 2.9 | Sep 2020 | Update Green Sticker |
| Version 3.0 | Oct 2020 | Updated lifting gear register |
| Version 3.1 | Dec 2020 | Updated lifting gear register |

Compliance Pack

INTRODUCTION

Metcalf Crane Services recognises the importance of ensuring that all the correct information is outlined to you as our clients.

This document provides you with the relevant information to ensure that Metcalf Crane Services have the correct documentation for the crane that you wish to engage to provide you with the equipment and services that to desire.

PURPOSE

The purpose of this Compliance pack is to provide you with the right documentation and or information to assist you with making the right decision that Metcalf Crane Services have the right equipment and documentation required to complete the operation for you.

GENERAL INFORMATION

| | |
|---------------|-------------------|
| Make | Liebherr |
| Model | LTM 1055-3.2 |
| Serial Number | 085099 |
| Registration | XVK 004 (unit 40) |

OPERATOR'S MANUAL

The Operator's Manual can be found within the cabin of the crane for easy reference when required.

The Metcalf office also has access to an electronic copy of the Operator's Manual. The cover of this manual is seen in Figure 1.

Figure 1

Compliance Pack

PLANT LOGBOOK - DAILY INSPECTION

The Use of the Plant logbook is completed by the crew prior to commencing work each day/shift.

This is the responsibility of the Operator to ensure this is done. See Figures 2 and 3 for a copy of the cover page and example of the Daily inspection logbook form

REGISTRATION OF PLANT

The Occupational Health and Safety Amendment Regulations 2014 came into effect on 1 July 2014. From 1 July you no longer required to register items of plant with the WorkSafe or re-register plant every five years.

With advances in technology, the WorkSafe is able to rely on other sources, including an extensive network of stakeholders and supplier, for information about the location of plant in Victoria, and so the registration of plant isn't as important as it once was.

Some sources that can be used to track plant equipment are VicRoads registration and the CraneSafe program (Section 8).

If Metcalf still have the crane registered with as plant through WorkSafe a copy will be here. (Figure 4)

Figure 4 NA

Compliance Pack

MAINTENANCE INSPECTIONS AND GREEN STICKER PROGRAM

These inspections are carried out by our qualified Mechanic at approximately every 250hrs; these records are stored at the office and are available on request

The mobile crane industry initiated a voluntary crane assessment program throughout Australia. Developed in consultation with the mobile crane industry as a whole, the program aims to augment existing safety standards with annual assessments of mobile cranes now being made by CraneSafe (a division of The Crane Industry Council of Australia).

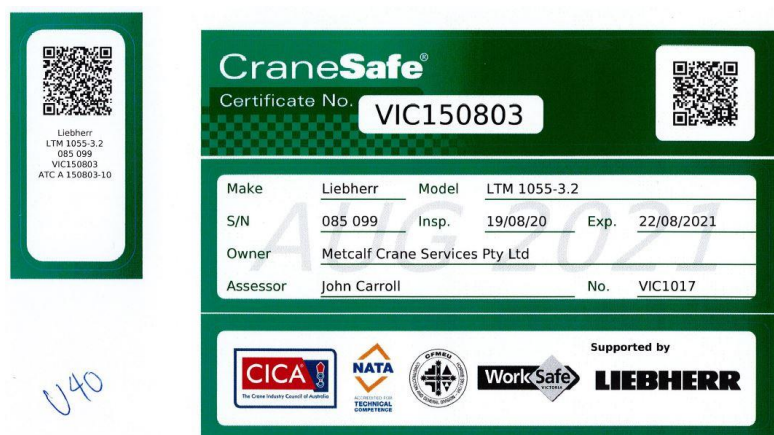

The program will provide crane owners, suppliers and users in Australia with a common industry wide system for third party assessment of the safety aspects of their cranes. The CraneSafe assessment program is voluntary and while it does not form part of any legislation or regulatory scheme, it will assist crane owners and users in Australia to meet their obligation under the OH&S (plant) regulations to ensure that their cranes are in a safe condition. The program provides crane owners and operators with a process for third party assessment of the safety aspects of their cranes that complies with the regulations of Parts 1, 3, 4, 5, 11, 19 and 20 of AS2550 for annual inspection.

All Metcalf Cranes are involved in this program and a copy of the Green sticker is provided as evidence of this. (Figure 5)

Major inspections should generally be undertaken when the crane, hoist or winch has reached the end of its design life. If the design life is unknown, in most cases, the major inspection of mechanical components should be undertaken after a maximum of 10 years of service.

This report will be attached in figure 6; NA will be added here if the Crane is less than 10 years old.

Herewith please find your CraneSafe 'Green Sticker'. Please affix this in a highly visible location on the inside of the Crane Cabin Window to be read from the outside. Make sure the window glass is clean.

Figure 6 NA

PLANT RISK ASSESSMENT

The review of the manufactures Risk assessment takes place when the plant is been purchased by the company, if the manufacture has not supplied one, Metcalf will provide one.

The RA will be reviewed periodically and in the event of a serious incident.

This RA can be found in the crane cabin. (Figure 7)

RISK ASSESSMENT

ORGANISATION: Metcalf Crane Services Pty Ltd
ADDRESS: 78 – 82 Freight Drive Somerton
PLANT DESCRIPTION: 55t All Terrain Mobile Crane
CONDUCTED BY: B. Schiopu
PAGE NO.: Page 1 of 36

ISSUE DATE: 01 January 2021
DATE OF REASSESSMENT: 31 December 2021
CRANE SAFE SERIAL NUMBER: 085099
CRANE SERIAL NUMBER: 5029806
METHOD: Visual Inspection

| 1. | Hazard Identified (Describe the situation or parts of plant which could rise to injury or illness). | Is there any risk? (Describe the control measures already implemented to address the hazard). | Where there is a risk, describe the proposed risk control measure. | Are the risk control measures practicable? (Yes or No) | Implementation Date for the practicable risk control measures. (Modifications and Certification prior to use). |
|----|---|--|---|---|---|
| 1 | Persons could be injured or injure others when operating the unit without sufficient instruction, training and information. | Yes | Crane operators should hold an appropriately endorsed Certificate of Competency. | Yes | Prior to use. |
| 2 | Persons could be injured when following a poor system of work in relation to the operation of this machine. | Yes | A system of work based on the crane manufacturers operating instructions should be prepared and adhered to. | Yes | Prior to use by the hirer. |

LIFTING GEAR REGISTER

The Lifting Register is maintained by Metcalf for all their lifting equipment which is a live document that can and will change on a regular basis. All lifting equipment which includes but not limited to Slings, chains and shackles will be tested to Australian Standards. This crane's lifting register is below (Figure 8)

ENTERPRISE BARGAINING AGREEMENT

Modern awards cover a whole industry or occupation and provide a safety net of minimum pay rates and employment conditions.

Enterprise agreements can be tailored to meet the needs of particular enterprises. An agreement must leave an employee better off overall when compared to the relevant award or awards.

Enterprise agreements are collective agreements made at an enterprise level between employers and employees about terms and conditions of employment. Metcalf's EBA shows below: (Figure 12 and 13)

Mr Paul Finnerty
General Manager
Metcalf Crane Services Pty Ltd
74 - 76 Freight Drive
SOMERTON VICTORIA 3062

DETERMINATION OF COMPLIANCE WITH SECTION 11
ABCC EA ID: EA5746
FWC Matter Number: AG2016/5531
FWC Variation Number: AG2017/5754

Dear Mr Finnerty,

On 4 April 2018 you requested advice from the Australian Building and Construction Commission (ABCC) on whether the registered enterprise agreement listed in your request meets the requirements of the *Code for the Tendering and Performance of Building Work 2016* (the Building Code 2016).

This Determination of Compliance is issued for the following registered enterprise agreement because it meets the requirements of section 11 of the Building Code 2016:

**METCALF CRANE SERVICES PTY LTD AND THE CFMEU MOBILE CRANE HIRING
INDUSTRY ENTERPRISE AGREEMENT 2016 - 2019**

Accordingly, by virtue of section 22(3) of the Building Code, this determination is taken to be conclusive of the fact that this registered enterprise agreement meets the requirements of section 11 of the Building Code 2016.

Note: This Determination of Compliance is based on the enterprise agreement registered with the Fair Work Commission at the date of this determination. If the registered enterprise agreement is varied after this date, the Determination of Compliance ceases to be effective. In these circumstances, you will need to consider submitting the varied agreement for further advice.

Parties must also comply with all relevant provisions of the Building Code 2016 in relation to their practical on-site application. The ABCC monitors behaviour on sites to which the Building Code applies and investigates any alleged breaches. The ABCC can be contacted through its hotline on 1800 003 338 or at www.abcc.gov.au.

The Building Code 2016 is available at <https://www.legislation.gov.au/Details/F2016L01859>.

Yours sincerely

Tom Cagorski
